

GURUKUL WORLD SCHOOL

Sector – 69, Mohali

Our Vision

We envision an Education system that breeds Inspiration and Innovation such that will ignite the quintessential drive in each and every of our students and provide the right ingredients for the making of a Holistic Persona.

Our Mission

We in collaboration with academia and community at large aim to provide a conducive and challenging learning environment that maximises learning through use of technology, student engagement and establishing relevance and real life connections.

To lay equal stress on physical fitness, intellectual development and personality development of the students.

Our Values

To inculcate life skills like effective communication, problem solving ability, critical thinking and collaborative working so that students are equipped to excel in the real world after school.

Our Teaching Learning Approach

Innovative pedagogy

Child Centric Education

Focus on concept learning

Our Pedagogical Vision

Make learning meaningful, connected to real life with emphasis on clarity of concepts rather than rote learning.
